Product Description

Cheesemaker Albert Kraus produces Alex, a semi-firm table cheese named after the nearby Alex train that connects his native Allgäu region in Southern Germany to Munich further north.

Using milk exclusively from his brother's herd on land connected to his dairy, Albert creates this cooked curd, pressed cheese, washed in local hay, flowers and herbs, in addition to sea salt.

Alex is a collaboration between cheesemaker Albert Kraus and affineur/exporter Norbert Sieghart.

In 2016, Norbert took over Albert's former cave, allowing greater flexibility and fine-tuning for export.

PROFILE
 Dense, creamy body, balanced by notes of fruit and cured meats. Texture boasts tremendous elasticity and meltability.
